

Dear Parents,

Built on 20-years experience the Mobile Music School specialises in running extra curricular music programmes in schools.

Since our establishment in 2011 we have delivered after school lessons to the students of Stratford College. Demand for our lessons is at a consistent high.

Our lessons aim to give every student the life long skill and love of music that enables them to learn and develop on their chosen instrument over time.

We are currently enrolling for one-to-one lessons in the following; guitar, vocal coaching and piano. All lessons commence in September 2018.

Our lessons are delivered by experienced and qualified tutors who enjoy teaching pupils of all abilities.

Our lessons are suitable for students who want to learn for fun; concentrate on obtaining Grade exams; or focus on their Junior or Leaving Certificate practical music exam.

Please fill out the application form attached and return it to the office by August 31st in order to secure a place.

Should you have any queries relating our lessons – please contact the Mobile Music School directly on 087 4221422 or by emailing [admin@mobilemusicschool.ie](mailto:admin@mobilemusicschool.ie)

Best wishes,

Shay Lally
